School Notes

(Southern School Journal)

Seven schools in Bell county are vacant on account of a shortage of teachers. They pay anywhere from \$25 to \$45 per month.

0-0

A trustee once argued with one of his teachers that the \$40.00 per month which she demanded was out of all reason; that the \$35.00 which she then received was really more than her work merited. She made inquiry and found that he based his estimate of the worth of her work upon the muscular effort required, taking no thought of the preparation nor the brain work necessary for the proper discharge of her duties. This trustee did not mean to be unjust. He reasoned that a thing is worth no more than you pay for it. He had no difficulty in securing any number of able bodied men to do the work of his farm for \$16.00 per month, they working twenty-six days per month, while the teacher worked only twenty. The farm hands began at sunrise, and quit only at sunset; whereas the teacher worked only from eight until four, with a whole hour at noon. The teacher was something of a politician, so she grew interested in the work of the trustee's immense farm, and drew him out on his methods of management, and incidentally regarding the efficiency and trustworthiness of the help which he hired for \$16.00 per month. By accident, she trapped the trustee into stating that he would "give most anything" if he could get a man with initiative and with real interest in the business—one who would not demand every legal holiday if the work were pressing, and who would have an eye single to the best interest of his employer. The teacher then summed up the result of the conversation very much as follows: "You say your help are inefficient; that you must be present in order to have anything accomplished properly; that they are ignorant; that they know little or nothing of the work they are expected to do; that they have no desire to increase their skill or knowledge; that their only thought is to give the least possible service for the amount of wage promised; that, in short, one of the men employed at \$16.00 per month does less than half the amount of work which might reasonably be expected of one man. Now, since I have had charge of your school, you have never entered the school room proving thereby that you understand that I am not only capable of doing my work unassisted, but that I have the integrity and the interest in my work to do so without oversight, for the preparation for my work, I spent many years of study, and my father paid out several hundred dollars of hard earned money. Is my training worth nothing in the market of the world? Is my trustworthiness no asset in business? If not, then get your hired man to teach your children." The trustee was taken off his feet by this reasoning, and hastened to say, "O, but my hired man does not know how to teach!" To which the teacher replied, "Then pay me \$16.00 for teaching, and \$24.00 for knowing how and I will be content." It is not to be supposed she gained her point. Trustees are human; and convinced against their will, will hold the same opinion still, according to an old and true saying.

The Perry county teachers, at the

close of their institute, adopted resolutions favoring the abolishing of the trustee system and the adoption of some sort of county unit plan; the passage by the legislature of compulsory education law requiring at least three months' attendance, the passage of an anti-cigarette law, and another requiring public school teachers to have at least six months' normal training before beginning the work of the second term.

An Old Insurance Man Strikes Easy Street

There used to be in old Webster county a poor insurance man by the name of T. K. Wilson. If we mistake not Mr. Wilson lived at Sebree, Ky., and wiped up dust and mud from Webster's roads for several years. He wrote fire insurance and looked after the interests of the Continental Insurance Company in their farm department and with all made a living. His business increased not to his liking. It increased to such an extent that he finally had a good opportunity to dispose of his agency which he did to advantage. In the final wind up and clean up Mr. Wilson flanked very nearly \$5,000.00 and in March 1905 (about a year and a half ago) he dusted the dirt from his shoes and started for Tampa, Florida. Mr. Wilson stayed there about a week and saw that for him there was nothing doing.

He then went to St. Petersburg, Florida. At that time the place had 3,000 people. Mr. Wilson looked about. There was only one bank there and it was called the First National. He thereupon organized The National Bank with \$25,000 capital, selling each big man or merchant \$1,000 of the stock. He kept \$5,000 stock. That bank now has on deposit \$210,000.00.

The Assistant Cashier gets \$90.00 per month and Mr. Wilson certainly gets a better salary than that.

In six months this bank declared a ten per cent dividend.

Mr. Wilson then went into a real estate deal. He bought thirty acres of inside property for \$14,000 and paid only \$1,000 down. In six weeks he sold ten acres of this tract at \$15,000.00. The balance of the tract was cut up into lots and \$8,000 worth of them were sold. He has ten or twelve acres of very desirable residence lots left.

The ten acre plot of ground was bought by New York capitalists and they built thereon the Manhattan Hotel.

Last winter Dr. J. O. Dixon and Mr. W. B. Yandell bought thirteen lots between this Manhattan Hotel and the main part of town for \$4,200. They have sold off \$3,200 worth and will make money on the transaction.

A Happy Home

To have a happy home you should have children. They are great happy-home makers. If a weak woman, you can be made strong enough to bear healthy children, with little pain or discomfort to yourself, by taking

WINE OF **CARDUI**

A Tonic for Women

It will ease all your pain, reduce inflammation, cure leucorrhoea, (whites), falling womb, ovarian trouble, disordered menses, backache, headache, etc., and make childbirth natural and easy. Try it. At all dealers in medicines, in \$1.00 bottles.

"DUE TO CARDUI"

Is my baby girl, now two weeks old," writes Mrs. J. Priest, of Webster City, Iowa. "She is a fine healthy babe and we are both doing nicely. I am still taking Cardui, and would not be without it in the house."

Republican Campaign Text-Book

A departure has been made in the Republican Campaign Text-Book just issued, in that its contents are wholly devoted to live issues, and these are treated in the briefest possible way, yet comprehensively enough to include all necessary facts and figures.

First, there is a general statement of the issues of 1906, followed by a brief review of Republican legislation in general and the work of the Fifty-ninth Congress in particular. The Railroad Rate Law, Pure Food Law, Free Alcohol Law, Employers' Liability Law and the Meat Inspection portion of the Agricultural Appropriation Law are given in full, as is Chairman Tawney's clear explanation of the appropriations.

The Labor question is next fully presented, followed by Representative Watson's exposition of Anti-Trust proceedings. About one hundred pages are given to the Tariff, Agriculture and Manufactures, and the tables showing the various phases of industrial activity. Among other subjects treated under the tariff are:

Protection and Free Trade, Customs Revenue, Foreign Commerce, Home Market and Internal Trade, Wages and Prices, Export Discounts, Reciprocity, Free Hides, Revision, etc., etc.

Some half hundred tables give official and authoritative figures down to the latest possible date. The work of the president and administration is then briefly presented, the condition and status of the Philippines, the Panama Canal, the Navy, Postal Service, Irrigation, etc., etc.

The President's letter to Representative Watson concludes the work, which has a copious index of over a dozen pages.

Scattered throughout the book are quotations from President Roosevelt and other Republican leaders. Among these is the extract from Senator Hanna's speech where he used the "stand pat" expression, it being the only instance in the Text-Book where the words "stand pat" are used. A page is given to Mr. Bryan and his views, with the comments of the New York World. A so-called "Prosperity Postscript" is added, giving treasury conditions, trade reports, etc., down to August 1.

For the first time in a political campaign, the Text-Book will have a general circulation, as together with other literature, it will be sent on receipt of one dollar by John C. Everaman, Assistant Treasurer, 1133 Broadway, New York.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform or any other stupefying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop's all along has bitterly opposed opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it, Haynes & Taylor.
